

SMCES SUMMER READING AND MATH PROGRAM

This year's Summer Reading and Math program will be free of charge to students currently in grades K-5. This is a federally funded program through Covid relief funds from the IU9.

* The goal of this program is to help students strengthen their skills in the area of math and reading. *Act 89 Math and Title I Reading* students would benefit from attending this free program to help with learning loss over the past few years.

*We will be trying to group students based on their learning needs.

*Classes will run on Tuesdays and Thursdays from 9 a.m.-11 a.m. for 6 weeks. Classes will begin on Tuesday, June 13 and run through Thursday, July 27th.

Discipline Policy: This is a free, federally-funded program meant to help boost reading and math skills and prevent summer slide. We will not tolerate misbehavior of any kind during the program. Your child will be given no more than two written warnings then he/she will no longer be able to attend the program.

*If you have any questions or concerns, please feel free to contact me:
Leanne Kilhoffer-594-6354

Please fill out and return the following page to reserve your child's spot for this program. **Please return all permission slips by April 28, 2023**
