

May 22, 2023

Parents and Student-Athletes:

Sports physicals for the 2023-2024 sports season will be given on Tuesday, June 13th and Wednesday, June 14th at Dr. Tim Vollmer's medical office which is located at 1095 Million Dollar Highway. Through the generosity of Dr. Cienciva and the medical providers and nurses who will be administering the physicals, there is no charge to the student athletes for their school sponsored sports physical.

You must register for an appointment by calling the main office at ECC to schedule a physical. Physicals will be given starting at 3:00 PM on June 13th and starting at 4:00 PM on June 14th. If you are not able to schedule a school sponsored physical on one of these two dates, you will be responsible for scheduling an appointment with your family physician, Q-Care, or another medical provider.

A completed sports physical packet must be filled out and brought with the student athlete at the time of their scheduled physical. This 8-page packet must contain all necessary signatures (by both parents and athletes) and must be filled out in its entirety prior to the physical. Physical packets were given to all student athletes at our annual Fall Sports Sign-up Day which was held on May 22nd. In the event that the physical packet has been misplaced by the student, sports physical packets can be picked up at the main office at Elk County Catholic High School, or can be printed from the ECCSS website under the Athletic Forms tab which is located on the bottom of the website. The link to the physical form is as follows: <https://live-elk-county-catholic-school-system.pantheonsite.io/athletics-forms/>

To register for a physical, please call the main office at Elk County Catholic (814-834-7800). It is recommended that you schedule an appointment in the next two weeks.

A couple final notes concerning the physicals:

Forms have been updated for the 2023-2024 year and are marked on the first page as - Revised: March 22, 2023 BOD approved.

Athletes should wear their contacts or bring their glasses to the physical

In order to meet PIAA regulations for the 2023-24 school year, physicals must be given after June 1, 2023

It is recommended that parents attend the physical with their student-athlete in the event that the provider has any medical information to discuss.

**PIAA COMPREHENSIVE INITIAL
PRE-PARTICIPATION PHYSICAL EVALUATION**

INITIAL EVALUATION: Prior to any student participating in Practices, Inter-School Practices, Scrimmages, and/or Contests, at any PIAA member school in any school year, the student is required to (1) complete a Comprehensive Initial Pre-Participation Physical Evaluation (CIPPE); and (2) have the appropriate person(s) complete the first six Sections of the CIPPE Form. Upon completion of Sections 1 and 2 by the parent/guardian; Sections 3, 4, and 5 by the student and parent/guardian; and Section 6 by an Authorized Medical Examiner (AME), those Sections must be turned in to the Principal, or the Principal's designee, of the student's school for retention by the school. The CIPPE may not be authorized earlier than June 1st and shall be effective, regardless of when performed during a school year, until the latter of the next May 31st or the conclusion of the spring sports season.

SUBSEQUENT SPORT(S) IN THE SAME SCHOOL YEAR: Following completion of a CIPPE, the same student seeking to participate in Practices, Inter-School Practices, Scrimmages, and/or Contests in subsequent sport(s) in the same school year, must complete Section 7 of this form and must turn in that Section to the Principal, or Principal's designee, of his or her school. The Principal, or the Principal's designee, will then determine whether Section 8 need be completed.

SECTION 1: PERSONAL AND EMERGENCY INFORMATION

PERSONAL INFORMATION

Student's Name _____ Male/Female (circle one)

Date of Student's Birth: ____/____/____ Age of Student on Last Birthday: ____ Grade for Current School Year: ____

Current Physical Address _____

Current Home Phone # () _____ Parent/Guardian Current Cellular Phone # () _____

Parent/Guardian E-mail Address: _____

Fall Sport(s): _____ Winter Sport(s): _____ Spring Sport(s): _____

EMERGENCY INFORMATION

Parent's/Guardian's Name _____ Relationship _____

Address _____ Emergency Contact Telephone # () _____

Secondary Emergency Contact Person's Name _____ Relationship _____

Address _____ Emergency Contact Telephone # () _____

Medical Insurance Carrier _____ Policy Number _____

Address _____ Telephone # () _____

Family Physician's Name _____, MD or DO (circle one)

Address _____ Telephone # () _____

Student's Allergies _____

Student's Health Condition(s) of Which an Emergency Physician or Other Medical Personnel Should be Aware _____

Student's Prescription Medications and conditions of which they are being prescribed _____

SECTION 2: CERTIFICATION OF PARENT/GUARDIAN

The student's parent/guardian must complete all parts of this form.

A. I hereby give my consent for _____ born on _____ who turned _____ on his/her last birthday, a student of _____ School and a resident of the _____ public school district, to participate in Practices, Inter-School Practices, Scrimmages, and/or Contests during the 20____ - 20____ school year in the sport(s) as indicated by my signature(s) following the name of the said sport(s) approved below.

Fall Sports	Signature of Parent or Guardian
Cross Country	
Field Hockey	
Football	
Golf	
Soccer	
Girls' Tennis	
Girls' Volleyball	
Water Polo	
Other	

Winter Sports	Signature of Parent or Guardian
Basketball	
Bowling	
Competitive Spirit Squad	
Girls' Gymnastics	
Rifle	
Swimming and Diving	
Track & Field (Indoor)	
Wrestling	
Other	

Spring Sports	Signature of Parent or Guardian
Baseball	
Boys' Lacrosse	
Girls' Lacrosse	
Softball	
Boys' Tennis	
Track & Field (Outdoor)	
Boys' Volleyball	
Other	

B. **Understanding of eligibility rules:** I hereby acknowledge that I am familiar with the requirements of PIAA concerning the eligibility of students at PIAA member schools to participate in Inter-School Practices, Scrimmages, and/or Contests involving PIAA member schools. Such requirements, which are posted on the PIAA Web site at www.piaa.org, include, but are not necessarily limited to age, amateur status, school attendance, health, transfer from one school to another, season and out-of-season rules and regulations, semesters of attendance, seasons of sports participation, and academic performance.

Parent's/Guardian's Signature _____ Date ____/____/____

C. **Disclosure of records needed to determine eligibility:** To enable PIAA to determine whether the herein named student is eligible to participate in interscholastic athletics involving PIAA member schools, I hereby consent to the release to PIAA of any and all portions of school record files, beginning with the seventh grade, of the herein named student specifically including, without limiting the generality of the foregoing, birth and age records, name and residence address of parent(s) or guardian(s), residence address of the student, health records, academic work completed, grades received, and attendance data.

Parent's/Guardian's Signature _____ Date ____/____/____

D. **Permission to use name, likeness, and athletic information:** I consent to PIAA's use of the herein named student's name, likeness, and athletically related information in video broadcasts and re-broadcasts, webcasts and reports of Inter-School Practices, Scrimmages, and/or Contests, promotional literature of the Association, and other materials and releases related to interscholastic athletics.

Parent's/Guardian's Signature _____ Date ____/____/____

E. **Permission to administer emergency medical care:** I consent for an emergency medical care provider to administer any emergency medical care deemed advisable to the welfare of the herein named student while the student is practicing for or participating in Inter-School Practices, Scrimmages, and/or Contests. Further, this authorization permits, if reasonable efforts to contact me have been unsuccessful, physicians to hospitalize, secure appropriate consultation, to order injections, anesthesia (local, general, or both) or surgery for the herein named student. I hereby agree to pay for physicians' and/or surgeons' fees, hospital charges, and related expenses for such emergency medical care. I further give permission to the school's athletic administration, coaches and medical staff to consult with the Authorized Medical Professional who executes Section 7 regarding a medical condition or injury to the herein named student.

Parent's/Guardian's Signature _____ Date ____/____/____

F. **Confidentiality:** The information on this CIPPE shall be treated as confidential by school personnel. It may be used by the school's athletic administration, coaches and medical staff to determine athletic eligibility, to identify medical conditions and injuries, and to promote safety and injury prevention. In the event of an emergency, the information contained in this CIPPE may be shared with emergency medical personnel. Information about an injury or medical condition will not be shared with the public or media without written consent of the parent(s) or guardian(s).

Parent's/Guardian's Signature _____ Date ____/____/____

SECTION 3: UNDERSTANDING OF RISK OF CONCUSSION AND TRAUMATIC BRAIN INJURY

What is a concussion?

A concussion is a brain injury that:

- Is caused by a bump, blow, or jolt to the head or body.
- Can change the way a student's brain normally works.
- Can occur during Practices and/or Contests in any sport.
- Can happen even if a student has not lost consciousness.
- Can be serious even if a student has just been "dinged" or "had their bell rung."

All concussions are serious. A concussion can affect a student's ability to do schoolwork and other activities (such as playing video games, working on a computer, studying, driving, or exercising). Most students with a concussion get better, but it is important to give the concussed student's brain time to heal.

What are the symptoms of a concussion?

Concussions cannot be seen; however, in a potentially concussed student, **one or more** of the symptoms listed below may become apparent and/or that the student "doesn't feel right" soon after, a few days after, or even weeks after the injury.

- Headache or "pressure" in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Bothered by light or noise
- Feeling sluggish, hazy, foggy, or groggy
- Difficulty paying attention
- Memory problems
- Confusion

What should students do if they believe that they or someone else may have a concussion?

- **Students feeling any of the symptoms set forth above should immediately tell their Coach and their parents.** Also, if they notice any teammate evidencing such symptoms, they should immediately tell their Coach.
- **The student should be evaluated.** A licensed physician of medicine or osteopathic medicine (MD or DO), sufficiently familiar with current concussion management, should examine the student, determine whether the student has a concussion, and determine when the student is cleared to return to participate in interscholastic athletics.
- **Concussed students should give themselves time to get better.** If a student has sustained a concussion, the student's brain needs time to heal. While a concussed student's brain is still healing, that student is much more likely to have another concussion. Repeat concussions can increase the time it takes for an already concussed student to recover and may cause more damage to that student's brain. Such damage can have long term consequences. It is important that a concussed student rest and not return to play until the student receives permission from an MD or DO, sufficiently familiar with current concussion management, that the student is symptom-free.

How can students prevent a concussion? Every sport is different, but there are steps students can take to protect themselves.

- Use the proper sports equipment, including personal protective equipment. For equipment to properly protect a student, it must be:
 - The right equipment for the sport, position, or activity;
 - Worn correctly and the correct size and fit; and
 - Used every time the student Practices and/or competes.
- Follow the Coach's rules for safety and the rules of the sport.
- Practice good sportsmanship at all times.

If a student believes they may have a concussion: Don't hide it. Report it. Take time to recover.

I hereby acknowledge that I am familiar with the nature and risk of concussion and traumatic brain injury while participating in interscholastic athletics, including the risks associated with continuing to compete after a concussion or traumatic brain injury.

Student's Signature _____ Date ____/____/____

I hereby acknowledge that I am familiar with the nature and risk of concussion and traumatic brain injury while participating in interscholastic athletics, including the risks associated with continuing to compete after a concussion or traumatic brain injury.

Parent's/Guardian's Signature _____ Date ____/____/____

SECTION 4: UNDERSTANDING OF SUDDEN CARDIAC ARREST SYMPTOMS AND WARNING SIGNS

What is sudden cardiac arrest?

Sudden cardiac arrest (SCA) occurs when the heart suddenly and unexpectedly stops beating. When this happens blood stops flowing to the brain and other vital organs. SCA is NOT a heart attack. A heart attack may cause SCA, but they are not the same. A heart attack is caused by a blockage that stops the flow of blood to the heart. SCA is a malfunction in the heart's electrical system, causing the heart to suddenly stop beating.

How common is sudden cardiac arrest in the United States?

There are about 350,000 cardiac arrests that occur outside of hospitals each year. More than 10,000 individuals under the age of 25 die of SCA each year. SCA is the number one killer of student athletes and the leading cause of death on school campuses.

Are there warning signs?

Although SCA happens unexpectedly, some people may have signs or symptoms, such as

- Dizziness or lightheadedness when exercising;
- Fainting or passing out during or after exercising;
- Shortness of breath or difficulty breathing with exercise, that is not asthma related;
- Racing, skipped beats or fluttering heartbeat (palpitations)
- Fatigue (extreme or recent onset of tiredness)
- Weakness;
- Chest pains/pressure or tightness during or after exercise.

These symptoms can be unclear and confusing in athletes. Some may ignore the signs or think they are normal results off physical exhaustion. If the conditions that cause SCA are diagnosed and treated before a life-threatening event, sudden cardiac death can be prevented in many young athletes.

What are the risks of practicing or playing after experiencing these symptoms?

There are significant risks associated with continuing to practice or play after experiencing these symptoms. The symptoms might mean something is wrong and the athlete should be checked before returning to play. When the heart stops due to cardiac arrest, so does the blood that flows to the brain and other vital organs. Death or permanent brain damage can occur in just a few minutes. Most people who experience a SCA die from it; survival rates are below 10%.

Act 73 – Peyton's Law - Electrocardiogram testing for student athletes

The Act is intended to help keep student-athletes safe while practicing or playing by providing education about SCA and by requiring notification to parents that you can request, at your expense, an electrocardiogram (EKG or ECG) as part of the physical examination to help uncover hidden heart issues that can lead to SCA.

Why do heart conditions that put youth at risk go undetected?

- Up to 90 percent of underlying heart issues are missed when using only the history and physical exam;
- Most heart conditions that can lead to SCA are not detectable by listening to the heart with a stethoscope during a routine physical; and
- Often, youth don't report or recognize symptoms of a potential heart condition.

What is an electrocardiogram (EKG or ECG)?

An ECG/EKG is a quick, painless and noninvasive test that measures and records a moment in time of the heart's electrical activity. Small electrode patches are attached to the skin of your chest, arms and legs by a technician. An ECG/EKG provides information about the structure, function, rate and rhythm of the heart.

Why add an ECG/EKG to the physical examination?

Adding an ECG/EKG to the history and physical exam can suggest further testing or help identify up to two-thirds of heart conditions that can lead to SCA. An ECG/EKG can be ordered by your physician for screening for cardiovascular disease or for a variety of symptoms such as chest pain, palpitations, dizziness, fainting, or family history of heart disease.

- ECG/EKG screenings should be considered every 1-2 years because young hearts grow and change.
- ECG/EKG screenings may increase sensitivity for detection of undiagnosed cardiac disease but may not prevent SCA.
- ECG/EKG screenings with abnormal findings should be evaluated by trained physicians.
- If the ECG/EKG screening has abnormal findings, additional testing may need to be done (with associated cost and risk) before a diagnosis can be made, and may prevent the student from participating in sports for a short period of time until the testing is completed and more specific recommendations can be made.
- The ECG/EKG can have false positive findings, suggesting an abnormality that does not really exist (false positive findings occur less when ECG/EKGs are read by a medical practitioner proficient in ECG/EKG interpretation of children, adolescents and young athletes).
- ECGs/EKGs result in fewer false positives than simply using the current history and physical exam.

The American College of Cardiology/American Heart Association guidelines do not recommend an ECG or EKG in asymptomatic patients but do support local programs in which ECG or EKG can be applied with high-quality resources.

Removal from play/return to play

Any student-athlete who has signs or symptoms of SCA must be removed from play (which includes all athletic activity). The symptoms can happen before, during, or after activity.

Before returning to play, the athlete must be evaluated and cleared. Clearance to return to play must be in writing. The evaluation must be performed by a licensed physician, certified registered nurse practitioner, or cardiologist (heart doctor). The licensed physician or certified registered nurse practitioner may consult any other licensed or certified medical professionals.

I have reviewed this form and understand the symptoms and warning signs of SCA. I have also read the information about the electrocardiogram testing and how it may help to detect hidden heart issues.

SECTION 5: HEALTH HISTORY

Explain "Yes" answers at the bottom of this form.
Circle questions you don't know the answers to.

	Yes	No		Yes	No	
1. Has a doctor ever denied or restricted your participation in sport(s) for any reason?	<input type="checkbox"/>	<input type="checkbox"/>	23. Has a doctor ever told you that you have asthma or allergies?	<input type="checkbox"/>	<input type="checkbox"/>	
2. Do you have an ongoing medical condition (like asthma or diabetes)?	<input type="checkbox"/>	<input type="checkbox"/>	24. Do you cough, wheeze, or have difficulty breathing DURING or AFTER exercise?	<input type="checkbox"/>	<input type="checkbox"/>	
3. Are you currently taking any prescription or nonprescription (over-the-counter) medicines or pills?	<input type="checkbox"/>	<input type="checkbox"/>	25. Is there anyone in your family who has asthma?	<input type="checkbox"/>	<input type="checkbox"/>	
4. Do you have allergies to medicines, pollens, foods, or stinging insects?	<input type="checkbox"/>	<input type="checkbox"/>	26. Have you ever used an inhaler or taken asthma medicine?	<input type="checkbox"/>	<input type="checkbox"/>	
5. Have you ever passed out or nearly passed out DURING exercise?	<input type="checkbox"/>	<input type="checkbox"/>	27. Were you born without or are you missing a kidney, an eye, a testicle, or any other organ?	<input type="checkbox"/>	<input type="checkbox"/>	
6. Have you ever passed out or nearly passed out AFTER exercise?	<input type="checkbox"/>	<input type="checkbox"/>	28. Have you had infectious mononucleosis (mono) within the last month?	<input type="checkbox"/>	<input type="checkbox"/>	
7. Have you ever had discomfort, pain, or pressure in your chest during exercise?	<input type="checkbox"/>	<input type="checkbox"/>	29. Do you have any rashes, pressure sores, or other skin problems?	<input type="checkbox"/>	<input type="checkbox"/>	
8. Does your heart race or skip beats during exercise?	<input type="checkbox"/>	<input type="checkbox"/>	30. Have you ever had a herpes skin infection?	<input type="checkbox"/>	<input type="checkbox"/>	
9. Has a doctor ever told you that you have (check all that apply):			CONCUSSION OR TRAUMATIC BRAIN INJURY 31. Have you ever had a concussion (i.e. bell rung, ding, head rush) or traumatic brain injury? <input type="checkbox"/> <input type="checkbox"/> 32. Have you been hit in the head and been confused or lost your memory? <input type="checkbox"/> <input type="checkbox"/> 33. Do you experience dizziness and/or headaches with exercise? <input type="checkbox"/> <input type="checkbox"/> 34. Have you ever had a seizure? <input type="checkbox"/> <input type="checkbox"/> 35. Have you ever had numbness, tingling, or weakness in your arms or legs after being hit or falling? <input type="checkbox"/> <input type="checkbox"/> 36. Have you ever been unable to move your arms or legs after being hit or falling? <input type="checkbox"/> <input type="checkbox"/> 37. When exercising in the heat, do you have severe muscle cramps or become ill? <input type="checkbox"/> <input type="checkbox"/> 38. Has a doctor told you that you or someone in your family has sickle cell trait or sickle cell disease? <input type="checkbox"/> <input type="checkbox"/> 39. Have you had any problems with your eyes or vision? <input type="checkbox"/> <input type="checkbox"/> 40. Do you wear glasses or contact lenses? <input type="checkbox"/> <input type="checkbox"/> 41. Do you wear protective eyewear, such as goggles or a face shield? <input type="checkbox"/> <input type="checkbox"/> 42. Are you unhappy with your weight? <input type="checkbox"/> <input type="checkbox"/> 43. Are you trying to gain or lose weight? <input type="checkbox"/> <input type="checkbox"/> 44. Has anyone recommended you change your weight or eating habits? <input type="checkbox"/> <input type="checkbox"/> 45. Do you limit or carefully control what you eat? <input type="checkbox"/> <input type="checkbox"/> 46. Do you have any concerns that you would like to discuss with a doctor? <input type="checkbox"/> <input type="checkbox"/> MENSTRUAL QUESTIONS- IF APPLICABLE 47. Have you ever had a menstrual period? <input type="checkbox"/> <input type="checkbox"/> 48. How old were you when you had your first menstrual period? _____ 49. How many periods have you had in the last 12 months? _____ 50. When was your last menstrual period? _____			
<input type="checkbox"/> High blood pressure <input type="checkbox"/> Heart murmur <input type="checkbox"/> High cholesterol <input type="checkbox"/> Heart infection	<input type="checkbox"/>	<input type="checkbox"/>				
10. Has a doctor ever ordered a test for your heart? (for example ECG, echocardiogram)	<input type="checkbox"/>	<input type="checkbox"/>				
11. Has anyone in your family died for no apparent reason?	<input type="checkbox"/>	<input type="checkbox"/>				
12. Does anyone in your family have a heart problem?	<input type="checkbox"/>	<input type="checkbox"/>				
13. Has any family member or relative been disabled from heart disease or died of heart problems or sudden death before age 50?	<input type="checkbox"/>	<input type="checkbox"/>				
14. Does anyone in your family have Marfan Syndrome?	<input type="checkbox"/>	<input type="checkbox"/>				
15. Have you ever spent the night in a hospital?	<input type="checkbox"/>	<input type="checkbox"/>				
16. Have you ever had surgery?						
17. Have you ever had an injury, like a sprain, muscle, or ligament tear, or tendonitis, which caused you to miss a Practice or Contest? If yes, circle affected area below:	<input type="checkbox"/>	<input type="checkbox"/>				
18. Have you had any broken or fractured bones or dislocated joints? If yes, circle below:	<input type="checkbox"/>	<input type="checkbox"/>				
19. Have you had a bone or joint injury that required x-rays, MRI, CT, surgery, injections, rehabilitation, physical therapy, a brace, a cast, or crutches? If yes, circle below:	<input type="checkbox"/>	<input type="checkbox"/>				
Head Neck Shoulder Upper arm Elbow Forearm Hand/Fingers Chest						
Upper back Lower back Hip Thigh Knee Calf/shin Ankle Foot/Toes						
20. Have you ever had a stress fracture?	<input type="checkbox"/>	<input type="checkbox"/>				
21. Have you been told that you have or have you had an x-ray for atlantoaxial (neck) instability?	<input type="checkbox"/>	<input type="checkbox"/>				
22. Do you regularly use a brace or assistive device?	<input type="checkbox"/>	<input type="checkbox"/>

Elk County Catholic High School – Athletic Department

Acknowledgement of Risk and Consent

I/We hereby acknowledge that participation in Elk County Catholic Athletics involves a risk of injury, which may include severe injuries, possible paralysis, permanent disability, or death, and that these injuries may occur in some instances as the result of unavoidable accidents. I/We accept these risks in giving consent to participate in Elk County Catholic Athletics.

.....

I/We hereby authorize the school personnel to transport my/our child to a physician's office and/or emergency room for treatment in the event that medical care is needed while he/she is involved in Elk County Catholic Athletics. Furthermore, I/we authorize the physician and hospital staff to treat our son/daughter as they deem necessary in the emergency situation.

.....

I/We hereby authorize Elk County Catholic High School to transport my/our child to away and in some situations home athletic events. Transportation may include school or coach bus, school owned van, rental van or rental car, or private vehicle.

.....

I/We hereby give permission to the NATA Certified Athletic Trainer, contracted by Elk County Catholic High School, to perform immediate care and emergency treatment to injuries incurred during any interscholastic or intramural activity.

.....

I/We hereby accept responsibility to ensure that any prescription medication, epi-pen, inhaler, or other personal medical products that may be needed for practices or games be properly marked in their original container and placed in the "team's medical kit" for immediate use by the student when necessary.

Elk County Catholic High School

Competitive Extracurricular Activity Drug and Alcohol Policy Reasonable Suspicion Drug Testing Statement of Understanding

I acknowledge that participating in the sports program at Elk County Catholic High School is a privilege. Those students volunteering to participate are expected to accept the responsibilities granted them by this privilege.

I acknowledge that a violation of the Elk County Catholic High School Competitive Extracurricular Activity Drug and Alcohol policy will result in the penalties as set forth in the policy.

I hereby give permission to Elk County Catholic High School, and its selected testing laboratory, to perform drug and/or alcohol screenings on my son/daughter as a result of reasonable suspicion during the sports/music season. I realize the purpose and ramifications of the testing and will follow the guidelines set forth for positive tests.

I understand that my son/daughter will not be punished by school suspension or expulsion for a positive test result. However, he/she may be suspended from participation in the athletic competition for various periods of time for a first, second, or third offense. I also understand that my son/daughter will be required to comply with specific guidelines for further athletic consideration as set forth in this policy.

I acknowledge that Elk County Catholic is committed to providing a safe, drug-free competitive extracurricular program. I appreciate this commitment, and pledge my support, encouragement, and cooperation. Any cost incurred as a result of the test and, if necessary, the drug and alcohol evaluation, will be covered by Elk County Catholic High School. Re-tests and testing to return to athletic competition will be at the expense of the parents. All test results will be maintained in a confidential manner.

Parent/Guardian Signature

Date

As a student athlete I agree to participate in the drug testing program. I have read and understand the information provided in this permission to test form.
