St. Leo School teachers will foster a virtuous and academic learning program aligned with the school's classical curriculum. Each day of camp will focus on skills necessary for kindergarten, such as fine and gross motor skills, letter and number recognition, reading, handwriting, early math concepts, and play/making friends.

A special classical core and "Virtues in Practice" related activity will also be completed daily. The week will end with a playground picnic!

*This program is open to all students, but please note that priority will be given to those students enrolled in kindergarten at St. Leo School for the upcoming 2024-2025 school year.
